2017 World Plumbing Day Poster Contest

Contest Information and Rules

Your child is invited to participate in a poster contest that could win him or her a prize. World Plumbing Day is an international event on March 11th initiated by the World Plumbing Council (WPC) celebrating the important role plumbing plays in protecting the health and safety of society. Visit www.worldplumbingday.org to learn more about how this Day is being celebrated globally.

Who Can Participate: ANY Seminole County Public School student attending an elementary or middle school. There will be a best design prize for Middle (Grades 6-8) and Elementary (Grades K-5) school students. Not just limited to ART students. School wide participation is encouraged. This project does not have to be done at school. It may be completed at home with the help of a parent.

Requirements: Design a poster for World Plumbing Day 2017. The poster must include "World Plumbing Day" and the date "March 11, 2017" in the design. Posters must be on standard size, 24" x 36" or 22" x 28", white poster board. Parents/Guardian MUST sign this document for student participation and attach it to the back of the poster in case the student is the winner! Winning students may be asked to participate in promotional photos with their winning poster design.

Judging Criteria: Posters will be judged based on originality and how well students relate to the topic rather than on artistic merit alone.

When Is the Contest? The contest will be through **March 6th**. The winner for each school level will be posted on Modern Plumbing Industries, Inc. (MPI) Facebook page and under the "Blog" section of our website (www.modernpi.com) on **March 11th**, World Plumbing Day.

Who Judges the Posters: MPI will send a representative to each participating school on **March 7th** to collect the submissions. The posters will be judged by the Modern Plumbing Team based on the above criteria!

Who is Modern Plumbing? MPI is a family owned and operated company offering full residential and commercial plumbing services since 1975. The Owners went to Seminole County Public Schools, have resided in Seminole County for 30+ years and feel a need to give back to students of the County. Just as important, we hope to raise awareness about plumbing and its importance in society. Good luck to everyone who participates!
